## MATHEMATICS MINOR

The minor in Mathematics provides students with an understanding of the concepts and principles of applying computational tools. Students will be exposed to a range of mathematical tools with a specific focus on the techniques that are useful in other fields of study, such as the sciences. The minor is especially valuable for students in Natural and Social Science fields who want to develop a deeper understanding of how mathematics can instruct decisions.

The minor is not solely for Natural Sciences \& Mathematics majors. Students from many allied programs, including Kinesiology, pre-Nursing, and Business often pursue minors in mathematics. Students interested in acquiring a math minor for teacher certification should consult with their academic advisor within the Teacher Education \& Mathematics Division.

## Program Requirements

| Code | Title | Credits |
| :--- | :--- | ---: |
| MATH-170 | CALCULUS I | 4.00 |
| MATH-175 | CALCULUS II | 4.00 |
| MATH-253 | STATISTICAL METHODS FOR THE SCIENCES |  |
| Program Electives |  | 9.00 |
| Select 9 credits of Math courses numbered 157 or higher | 9.00 |  |
| Total Credits | $\mathbf{2 0 . 0 0}$ |  |
